Re: Follow up

Dear Mr. Hess:

On July 31, 2014 we had a telephone conversation regarding the July 11, 2012 letter to All County Assessors regarding common interest communities and the separate taxation of the common areas under the Uniform Common Interest Ownership Act adopted by the state in 1980.

As requested in that conversation I e-mailed you a copy of the letter.

I trust that you have had the opportunity to verify the content of the letter with the Director of the Property Tax Division for the State of West Virginia, Jeffrey A. Amburgey.

To avoid any confusion, I would like a written disposition of the issue. We are anxious to meet our obligation under the law and would like your clarification.

I appreciate your help in clearing up this ambiguity.

Sincerely,

Robert E. Ayrer, President 2014/15
